NOTICE

1. This form shall be completed in duplicate. The original must be filed with the Alabama Public Service Commission, Montgomery, Alabama, 36130, within 90 days after the close of business for its preceding fiscal or calendar year, and the copy retained by the carrier. The information to be reported for each item shall cover all interstate and intrastate rail carrier operations. The report shall be for a period ending on the last day of the fiscal or calendar year if for a 12 month accounting period; and at the close of one of the last 7 days of each fiscal or calendar year if on an accounting year of thirteen four-week periods.

These reports are required to be under oath pursuant to Title 37 Section 1-58, **Code of Alabama 1975**, as amended.

2. **Every inquiry contained in the accompanying forms for the annual report must be definitely answered.** Where the word “none” truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of an inquiry. Except in cases where they are specially authorized, cancellations, arbitrary check marks, and the like, must not be used either as partial or as entire answers to inquiries. If any inquiry based upon a preceding inquiry in this report is, because of the answer rendered to such preceding inquiry, inapplicable to the person or corporation in whose behalf the report is made, the words **“not applicable”** should be used in answer thereto, and reference should be made to the precise portion of the report showing the facts which make the particular inquiry inapplicable.

3. **Answers to the inquiries in the following forms must be complete.** No answer will be accepted as satisfactory which attempts by reference to any paper or document other than the present report to make the paper or document or portion thereto thus referred to a part of the answers without copying in full the portion to be included in this report. Wherever the space provided in the schedules is insufficient to permit full and complete statement of the requested information, inserts should be prepared and appropriately identified by the number of the schedule of which the insert is a part.

4. **All entries should be made in a permanent black ink.** Those of contrary character must be indicated in parenthesis. Items of an unusual character must be indicated by appropriate symbol and explained in a footnote.

5. Throughout this report the “year” means **the year covered by the report, whether a fiscal or calendar year or a thirteen-period accounting year**; the “preceding year” means **the year immediately preceding that covered by the report**; the “beginning of the year” means **the beginning of the first business day of the year in question**; the “close of the year” means **the close of the last business day of the year in question**. In case the report is made for a shorter period than 1 year, the “beginning of the year” means **the first day of period** and the “close of the year” means **the last day of the period**. All names of accounts are to be interpreted in accordance with the Uniform System of Accounts.
